## Ripple Wall or Ceiling Light / 5 Colours

### Description

Meet Ripple, RBW's new scone and flush mount collection distinguished by its substantial solid glass shade. A unique texture of raised, concentric rings brings to mind ripples coursing along the surface of water. As a nod to the iconic Crisp and Dimple collections, Ripple's subtle, ridged texture offers a distinct, versatile design, ideal for both scone and flush mount applications. The substantial, solid glass shade is available in a compelling variety of finishes that range in both colour and opacity. The backplate offers distinct finish options as well, adding subtle inflections to the light.

Brand: **RBW - Rich Brilliant Willing**
