

LIGHTERIOR

Dome Sur Wall Light

Dome Sur Wall Light by Lighting Republic offers a sculptural interpretation of the orb through a generous dome-shaped glass form encased within a refined metal frame. Its expanded scale and softened profile create a confident architectural presence, while the opal glass diffuser delivers a warm, evenly distributed glow that enhances atmosphere without overpowering the space.

Dimensions (cm)	Ø16 x D9
Application	Indoor
Material	Aluminium & Glass
Finish	Iron, Old Brass or White
Lamp	1 x G9 LED 3W Max (not incl.)
Voltage	240V
Installation	Cable connection housed within substrate
